Set of active ceiling speakers with Bluetooth

There is nothing easier than to install two ceiling speakers, one of them connect to the AC adaptor, speakers connect with each other and start to play music through Bluetooth. Installation is really very easy. And what is the advantage, you not need any other amplifier, any player or signal cable connections to existing HiFi system. Simply play music directly from your smart phone, tablet or laptop via Bluetooth connection.

Technical datas

General features:	**Features of RP 81×111, RP 81×111A speakers:**
- Set always contains one passive speaker, one active speaker with built-in module of stereo amplifier and Bluetooth connectivity, power adaptor, pair of speaker cables	- Woofer 6.5"
	- Dome tweeter 1"
	- 2-way crossover, 12 dB / oct.
- Easy connection: active speaker on the power adaptor + connection between speakers	- Kevlar woofer cone
	- Power 60 / 100 W
- No further installation is needed	- Impedance 8 Ω
- Power of integrated amplifier 2 × 10 W rms	- Material of baskets - white ABS
- Min. load impedance 2 × 8 Ω	- Equivalent sensitivity 88 dB / 1W, 1m
- Frequency range of module 20 - 20 000 Hz	- Frequency range of 35 - 20 000 Hz;
- Module distortion THD < 0.05 %	- Operating temperature -25 - +70 ° C
- Support Bluetooth V2.0 + EDR connection standard	- Mounting using 6 retractable flaps
- Bluetooth operating range 10 m in free space, depending on ceiling shielding conditions	- Protection rate IP 30
	- Dimensions 220 × 305 × 75 mm
- Screw terminals for connecting a second speaker and adaptor	- Mounting hole dimensions 185 × 270 mm
- Power adaptor (included) AC 230 V / 12 V DC	- Max. ceiling thickness 35 mm
- Module dimensions 70 × 20 × 38 mm	- Installation in ceilings, walls, drywalls
